Publication

Proofs

Upon acceptance, a PDF of the article proofs will be sent to each author by e-mail to check carefully for factual and typographic errors. Authors are responsible for checking these proofs and are strongly urged to make use of the Comment & Markup toolbar to note their corrections directly on the proofs. At this stage in the production process only minor corrections are allowed. Alterations to the original manuscript at this stage will result in considerable delay in publication and, therefore, are not accepted unless charged to the author. Proofs should be returned promptly.

E-Offprints

A PDF file of the article will be supplied free of charge by the publisher to each author for personal use. Brill is a RoMEO green publisher. Authors are allowed to post the pdf post-print version of their articles on their own personal websites free of charge. This means they can show the article exactly as it appears in print. The institute employing the author is allowed to post the post-refereed, but pre-print version of articles free of charge on its repository. The post-refereed, pre-print version means the final accepted version of the manuscript before typesetting.
